**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are a family household who supports broadband competition. We work with a competitive, local provider who has done a tremendous amount for bringing faster internet access into communities. Don't make changes that will unfairly disadvantage these small companies to placate the AT&T's and Comcasts of the world. Broadband access through this provider is critical to our family and our children's development. We are on the cusp of them delivering Fiber directly to our household and are welcoming those speed improvements.

Please don't mess this up; let competition exist in the marketplace so consumers and businesses can make their own, informed decisions.
